# Talks

## The use of third-generation sequencing (MinION) to characterize the environmental microbiota

**Jelena Pavlović**

Institute of Molecular Biology, Slovak Academy of Science, Bratislava, Slovakia.

## MinION application to evaluate the effects of a fungal bioinoculant into an agricultural ecosystem

**Lorenzo Pin**

Institute for Biological Systems (ISB), Council of National Research of Italy (CNR), Montelibretti (Rome).

## Q & A session: sequencing and data handling with Nanopore systems

**Flavia Pinzari**

Institute for Biological Systems (ISB), Council of National Research of Italy (CNR), Montelibretti (Rome).
